CNTTS apparatus in Bibleworks 9. v.2's enclitic **te** is in many witnesses including Aleph, but seems out of place; it had been excluded from the UBS text, and is not counted here. Other variants were mere spelling differences or errors, so not even listed here.

Paul writes:

- **28** years after the Lord started His Ministry, aka the **15th year of Tiberius** (counting his co-regency from the start of AD 13). **So** it's 4161 From Adam's Fall (FAF), aka AD 55/54, just after Claudius dies; written not long after September 54. Claudius died October '54.
- **28** years before **payback** on **Abraham's too-early maturation** completes (4136 start=4135 end + 54 = 4189 - 28 = 4161).
- But the Lord's age **58**, when Paul writes.
- **105th** year prior, just after Judaea became part of the Roman province of Syria under Pompey: more stressed, is that Caesar crossed the Rubicon (January 7, 49 BC, so Paul might be writing in January) -- and effectively neutralized Pompey. Mary had benchmarked that same crossing with her text 'By His Arm, He exerts authority' in the later-codified, Luke 1:51a.
- Israel derived much benefit from that, as her rightful priesthood was restored (the Maccabees were out, Herod was in); and, after Herod beats Antigonus, Herod rebuilds Temple. So Paul's theme about *Christian warring over who gets crowned*, is quite apt (i.e., 1 Cor 4:7-8 sarcasm). For Paul's *crowning* theme is 1 Cor 1:5, *HIS WORDS IN YOUR WORDS* so *THE SURPASSING HEAD WILL WIN IN YOUR HEAD* = 1Cor12:31's *huperbale* = Word = LOVE COMPLETES WHEN CANON COMPLETES, 1 Cor 13!
- **105** years until the 1600th anniversary of the Exodus, 4266. *End of Zecharias' countdown +21*. Satirical, in that the sum is **126**, which Isaiah famously used for Temple Down Before Its Time, in **Isaiah 53's meter**. So by then, Church will be as bad as Manasseh; as any writing of the bilious 'church fathers', overwhelmingly exemplifies. **Paul writes in the very year that Mary's countdown, stops**: 40 YEARS TO THE MILLENNIUM; so *Rapture ain't likely gonna happen on time*, as growth didn't occur as it should have. Corinthian in-fighting is part of the *delay*, forms a paradigm for WHY CHRISTIANS DON'T GROW in any generation. For **105**, means civil war (**98+7**, maybe evokes the extra seven years it took for David to become king over all Israel. He became king over Hebron in (30)96 = 1050 + 2046 Abraham's maturation; then both sides spent time defeating the Philistines; then civil war erupted lasting until 7th year, when David was crowned over all Israel at age 37, story in 2 Sam 5 and following.)
- Zecharias stopped at Psalm 90:1-4's syllable = 14+Millennial '**70**' Voting Period, **84**: aka, END 4160+84=4244 From Adam's Fall. Paul *extends* the Zecharias timeline to 4266, which is very evocative, since that's the 1600th year of the Exodus. Paul will later update it, with an *annual* prophecy re Church going wildly cannibalistic and apostate, in **Ephesians**. So those who actually *want* God, **will require an exodus**. ('Corresponds to AD 160, when the 'church fathers' [start to coalesce politically](#), so you better get out of town and take your Bible with you.)
- **112** is also a warring, civil war meter; talks back to how old the Lord should have been, *absent the civil war* over crowning David (4161-55 as 56th year = 4106 originally-scheduled Birth year). Next, **56+56** (idea of back-to-back apostasy and hence siege), again due to civil war among the Jews, which *will* happen when Temple goes down in AD 70 (starting on Passover and ending on 9th Av, called August 28-29 ad 70 in our history books). The same **112** will be used later by James as his 2nd dateline.
